REGISTRATION No 461

Fomento is an instrumentality of the Chilean Government having been formed by Act of the Chilean Legislature in 1939. That law created two organizations; one dealing with the reconstruction of the zone devastated by the severe earthquake of 1938 and known as Corporacion de Reconstruccion y Auxilio, and the other, the Corporacion de Fomento de la Produccion.

Fomento's purpose, as its name indicates, is for the stimulation and development of production in Chile. Broadly speaking, its functions might be likened to those of various instrumentalities and boards of the Government of the United States; i.e., National Research Planning Board, the Reconstruction Finance Corporation, Tennessee Valley Authority and Federal Housing Administration.

The New York office of Fomento was opened in December, 1940 at 120 Broadway, New York City, but since January, 1947 has been located at 37 Wall Street, New York City. Its functions include the following:

- a) The placing and confirming of orders with manufacturers and suppliers in the United States for the acquisition of machinery, equipment and other products for specific development projects in Chile.
- b) Application for and procurement of all necessary priorities and export licenses.
- c) Supervision of shipments.
- d) Payments for purchases and the ultimate financing thereof with the Export-Import Bank of Washington; the International Bank for Reconstruction and Development; and various American suppliers.
- e) The servicing of Installment notes as mentioned in the foregoing paragraph (d).
- f) The technical and engineering study of all projects coming within the purpose and overall program of Fomento for the industrial development of Chile.
- g) The arranging of missions of American experts to go to Chile for study and advice regarding the development of new industries.
- h) The arranging of scholarships and periodic allowance payments to those Chileans studying in the United States.
